The Career Services Center is crucial for the orientation and the professional integration of students in the labor market. The ULS implemented its CSC in the framework of its participation in the TEMPUS-OIPULES project.

What do you want to be?

The Career Services Center accompanies students in their choices to determine their future career.

It offers a full process to guide them choose the studies that satisfy their ambitions and lead them to their career objectives.

The Career Services Center is not only for students

The CSC also provides alumni and companies with all the services needed to recruit the best people for their jobs vacancies.

The CSC ensures a contact area for students, alumni and companies to exchange needs, advice and experience.

Continuous seminars, workshops, fairs are conducted to help students in their decision making process and facilitate their career development and professional integration.

The CSC offers counselling services through one to one meetings. Rich documentation and interview simulation programs are at the disposal of all visitors.

Our strength is in our network

The La Sagesse alumni wide presence offers a good network for the CSC student-visitors as well as a counselling reference.

The CSC maintains continuous contacts and partnerships with a large portfolio of well-known companies and potential recruiters to enlarge the ULS labor market share for its students.
